From the Kingdom Equestrian Marshal

Greetings Good Equestrians and future Equestrians,

Roll Call is finished, and here is the short version of the results =-)

We have 44 Authorized riders!

We have 11 Local Equestrian Officers!

We have 4 Marshals in Training!

And, we have 8 Marshals!

After much debate and research, I am putting the responsibilities of Authorizations onto the Marshals. Since there are only 8 (and all but two are previously listed as Authorization Marshals) I feel it is a good number to start with, all of whom are conscientious horsepersons, who are experienced and will take their job seriously.

We are still working on Groundcrew Authorizations, and Lord Rolf is creating classes and tests for training more folk, especially those who don't want to or can't ride, but do want to help in other ways.

Soon the long version will be put up on the web site. You will be able to research your name, and see your status; check out definitions and responsibilities; find a contact, practice or meeting in your area; and hopefully, submit reports through online forms.

Happy trails!
